 UNIQUE

COMPLETE PROJECTS SHAPED WITH A VISION

We shape creative thoughts into realistic atmospheres. With honest, natural and high quality materials, we create healthy live, work and social places. Our team of craftsmen is specialized in transforming homes and commercial spaces into remarkable and personalized environments. Whether you desire the timeless elegance of traditional plasterwork or the modern sophistication of decorative concrete, our team is dedicated to bring every vision to life. From handcrafted floors and walls to exceptional stucco work, we provide a wide array of options to suit every unique vision and preference.

SHAPED BY EXPERIENCE

Shaped by years of experience we can advise in construction, materials and finishes during the early stage of a project. We work together with different architects and are always open to extend our collaboration network. Based on your wishes and our advice, we create a complete package of materials. In collaboration

we unburden the architect, developer, main contractor and of course the client. With our extensive customization options and craftsmen, we ensure that every detail of your interior is tailored to your desires and transformed into a one-of-a-kind masterpiece.

MADE WITH HIGH QUALITY MATERIALS.

At Urban Creative we only work with the best materials to create a high-end finish. By using pure, natural products & raw materials we realize optimized living and working environments. The plasters and paints we use to shape interiors are mixed with natural pigments for proper UV resistance and provide a basis for

our responsible finishes with a long lifespan. With a special treatment we make the surfaces ready for every environment. This treatment creates a possibility to apply our interiors in every situation in a home or office including damp areas such as bath / shower rooms, saunas, hammam and more.
